Building a dynamic economy in Bahrain

“Bahrain has been home to Grant Thornton for over two decades, where we have contributed to building a dynamic economy which has fuelled growth and driven commercial discussions, which will build a brighter future for our clients and the wider economy.

The emerging global economy and disruptive innovation continue to present new challenges for businesses of all sizes. Drawing on our global scale, local insights and talented specialists we work with policymakers, institutes and the wider community to navigate the new world-order, whilst enabling businesses to thrive in this new environment.

Our people and deep client relationships are at the heart of our firm and as one of the world’s leading accounting and advisory firms, we place our core focus on delivering an exceptional and distinctive client service which is delivered by our empowered and committed teams.

We take the time to understand our client’s needs, whilst providing strategic input to ensure we create and deliver real value that matters.”

A different way of doing business

Privately owned, publicly listed and public sector clients come to us for our technical skills, ethical standards, high quality and industry capabilities but also for our different way of working. Our partners and teams invest the time to truly understand your business, giving real insight and a fresh perspective to keep you moving.

The Bahrain practice is supported by over 160 professionals who are represented by over 7 nationalities, given diversity is a core fundamental to providing a holistic yet varied perspective to our client’s challenges.

Our firm has been built on transparency, connected thinking and driving real insight to businesses who are focused on growth, building value and investing in innovative models for the future. We have a long legacy in the region, therefore not only have we supported economic prosperity but have worked to support businesses who have driven real value across the Bahraini market. We bring real scale and hence whether a business has domestic or international aspirations, Grant Thornton can help you to unlock your potential for growth wherever and whenever needed.

What makes us different

Privately owned enterprises, listed companies and public sector organisations come to us for our scale, quality and deep technical expertise. They also value our knowledge of their regulatory landscape and industry standards. But what sets us apart is our distinctive client experience.

We discover what's important to you and make it important to us

Our culture is built on a genuine interest in our clients – their challenges, growth ambitions and wider commercial context. You get the attention you deserve from approachable, senior professionals who ask the right questions, listen and provide real insight and a clear point of view.

The bottom line

- A relationship-led approach with more time and attention from partners and senior advisers
- A deeper understanding of your business for more meaningful advice and recommendations

Pragmatic solutions to help you improve and grow

Our teams bring ideas to the table, going beyond the technical issues to recommend ways to make your business better. Whether your goals include expansion, improving operational efficiency or building investor confidence, we balance a desire to do what's best for you in the future with an experienced sense of what's going to help you now.

The bottom line

- Helping you think ahead and think more broadly
- Proactively identifying opportunities for improvement and growth

Agile and responsive service

Our size and structure create advantages for you. We adopt a flatter structure, with shorter decision-making chains, empowered teams and no complex chains of command. We have all the necessary processes and controls but they're streamlined and efficient. Our teams are more responsive.

The bottom line

- A faster response when you need quick answers and clarity
- Anticipating the answers you'll need before you ask

Collaborative teams with a different mindset

Our people are open, accessible and easy to work with. We work through the issues alongside you, always with an independent perspective and challenging where necessary. Our collaborative style also enables us to assemble teams across service lines, industries and geographies to tailor our capabilities for you.

The bottom line

- Teams and solutions built around your needs not our structures
- A better working relationship with you and your team

Audit and Assurance

Our services can strengthen your business and stakeholders' confidence. You'll receive professionally verified results which meet global standards, and which provide insights into the real performance of your business.

In an increasingly complex and innovative world, the need for audit and assurance has become ever-more prevalent. It is for this reason we approach each audit with sharp thought, straight talk and common sense. In addition to verifying that financial results are fairly presented and meet applicable professional standards, we provide observations and insight into the real performance of your business, focusing our audit efforts on those areas of your financial statements that represent the greatest risk.

We have a dedicated quality monitoring programme that focuses on the eight components of International Standard on Quality Management (ISQM) 1.

Under this programme, our Bahrain team is subject to a review of our audit quality. This rigorous approach helps make sure we deliver consistent, quality services for our clients worldwide over the longer term.

Our teams can provide you with innovative assurance services in:

- Financial statement audits
- Financial statement reviews
- Financial statement compilations
- Agreed-upon-procedures
- Statutory certification for government levy and import duty exemptions
- Implementation and reporting on controls
- Financial reporting advisory
- IFRS conversions
- Support for implementation of new IFRS Standards

Advisory Services

We help solve problems and seize opportunities by offering a range of services spanning across business, transaction, and regulatory advisory.

Transactions are significant events in the life of a business – they can have a lasting impact on the future shape of the organisations involved, because the stakes are high for both buyers and sellers, experience, determination and pragmatism are required to bring deals successfully through to conclusion.

We work with businesses, their owners and management teams in the midmarket at all stages of their life cycle. From exploring the strategic options available to businesses and shareholders through to advising and project managing the chosen solution, we provide a truly integrated corporate finance offering which includes:

The ever changing market conditions need an ever ready business advisory services team in this market. Every business needs a critical friend. Like a true friend we will always be direct and honest.

Even when it is hard. That is the only way you are going to get advice that is pragmatic and purposeful. Such advice is a corner stone in guarding against the risk of the failure and ensuring a successful enterprise. In response to the need of the market and the needs of our clients, we expanded our advisory services.

Growing global digital economies requires technology solutions and to stay competitive in digital world businesses are relying on solutions that are fit for purpose.

One such focus area for businesses is the tax technology which can assist the business increase accuracy and compliance through comprehensive data management, allowing tax functions to adhere to increasing regulation, enhance audit and closing activities, and deal with tax activities in-house.

Business Process Solutions

As organisations grow, back office processes can become a distraction. We remove the burden of back office operations and enable you to focus on growth.

As organisations extend their footprints domestically and internationally, the challenge of executing back office processes can become a distraction from core operations, while the need to meet reporting requirements in local or across multiple jurisdictions creates additional risk.

At Grant Thornton, our business process specialists remove the burden of back office operations and compliance challenges, freeing up dynamic organisations to focus on growth. We also work with international organisations to improve their finance function efficiency, reduce the costs associated with business processes and provide a complete solution to the challenge of complex, multinational reporting. This allows the in-house team to focus on strategy and add value.

We provide support in the areas of:

Book Keeping and Financial Accounting Solutions

Our Brand Promise

Care about people and relationships

We make business personal.

Uncovering the right answer starts with asking the right questions. So we invest in listening, building relationships, and understanding your concerns. Which allows our team to focus on the real issues, challenge you constructively, collaboratively engage and offer solutions that are both illuminating and actionable.

Going beyond expectations through empathy, collaboration and personalisation.

Be More agile

We work at the pace that matters. Yours.

Issues arise, goals evolve, needs change. And our team is poised to change with them. Our flatter structure and agile approach quickly adapts to your way of working. We aren't limited by geographical borders. We've replaced silos with relationships. We simplify the complex, making the technical accessible. So you're always ready to react at the speed of today's business.

Going beyond to provide speed, clarity and flexibility.

Value different perspectives

We value diverse perspectives.

Sometimes the path forward isn't clear until you change your point of view. Which is why we foster an open culture where the boldest ideas can flourish. We celebrate fresh thinking. We combine deep industry expertise with newly uncovered insights. And we leave no stone unturned until you have the whole picture. So you can make decisions with confidence.

Going beyond to nurture fresh thinking, diverse solutions and confident decisions.

Show the way

We don't predict the future. We help you shape it.

Uncovering the right answer starts with asking A brighter tomorrow starts with a clear eye on the horizon and compass to guide you. Which is why we match proactive insights to practical applications. Working closely with regulators, funders and standard setting bodies to help define the business landscape. Creating sustainable growth through positive progress. So, no matter the road ahead, you're moving forward.

Going beyond to offer proactive insights, practical guidance and positive progress.

Keep sharp focus on quality

We are committed to delivering consistently high quality.

Every time you work with us, no matter which member firm in our network, you'll find the same rigorous approach, professional standards and commitment to excellence. And we're constantly leveraging our technical expertise and technological innovations to set the bar even higher.

Going beyond expectations through empathy, collaboration and personalisation.
